Todd Akers, left and Phil Walsh, last season's co-most valuable players, will be leading this year's Leafs to a powerful season. The squad will host its first meet against Rock Falls Thursday, April 21.

Akers, 6'8", was a state finalist in 1987 and is a state contender this year. Walsh, a number one distance runner for the last three years, qualified for the state finals in cross country. Both are seniors this year.

According to head coach Don Fredericks these two promise to "be the force" all season.
