"Every year is different in Cross Country, but one thing is the same: we all have fun. Whether it's calling our friends south of the border or spraying the girls with some S.P., Cross Country is always a blast. Even during our roughest times Blake Wyffels is always there to crack the team up." Pete Nelson

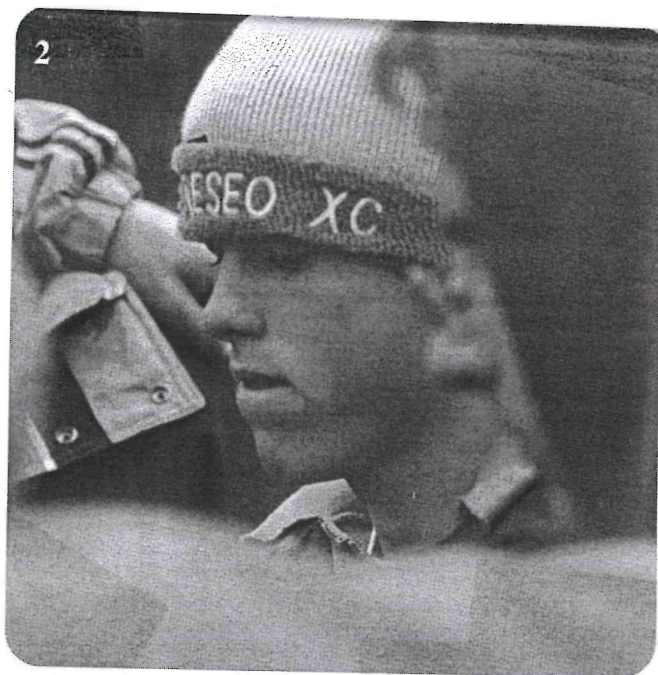

"Overall the 2004 Geneseo Cross Country season was a big success. The team members worked very hard to achieve their goals and personal bests. We had very strong races on both the girls' and boys' teams at conference and regionals. The girls' team was able to advance to sectionals. Fun and companionship highlighted the season. Each team member's purpose and passion made the 2004 Geneseo Cross Country Team a success." Jordan Wildermuth

Question & Answer

T & A: What are some events that you will remember about the season?

Allie: All the 'Blakeisms' which occurred when Blake was being funny; also on the way home from a meet the bus broke down

T & A: Did you do anything special for the meet?

Allie: Yeah, Allison, Katie, and I always wore the sweatpants we made together

T & A: What is something your coach said to motivate you?

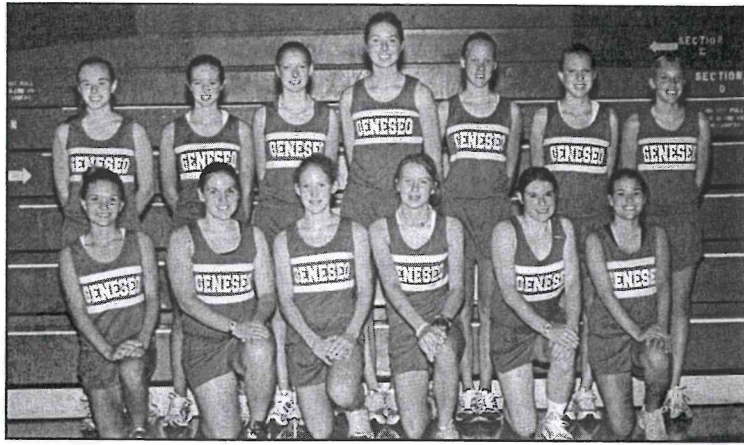

Allie: The coach would always tell me to K.I.P it (keep it positive)
