Cross Country

This Cross Country season, the girls team was very talented, and even though the end result wasn't what we desired, we still had a very successful year. The team was second at regionals, and 8th at sectional. Paige Gatter was the sole state qualifier of girls Cross Country and ran an impressive 43rd place finish. The team atmosphere this year was phenomenal. Not only will this season be remembered for the exhausting track work outs and hill repeats, but also for the silly dress up days (especially halloween) and literally spending every waking moment together. All of the dedication and perseverance that was put into this season definitely paid off. As Freddy constantly reminds us, "Running is like life." If we teach ourselves now to persevere through challenges, it'll help us in the long run. (Pun!)

This year's Cross Country season was pretty good. Starkey and Paige both went to state and ran great races. But everyone gave it their all at the time. It was the team's dedication that allowed us to have such a successful season. Running aside, my favorite part of Cross Country has always been the people in it. We were a well bonded team. At meets when someone wasn't racing, they were cheering for the other people that were. Everyone on the team is friends, there's no dumb drama, we all get along really well. When championship meet season rolled around the people whose season was over continued to go to meets to cheer on their team mates. A combination of the team's determination and genuine care for each other is what led us to having such a great season.
