

By Michael Newman

Peoria, Ill — Decatur St. Teresa Coach **Todd Vohland** stood 20 meters from the starting line putting his team through their warm-ups before the start of the 1A Girls race at Detweiller Park. It was all business like for the Bulldogs. The team was loose but focused at the task at hand.

St. Teresa was the preseason pick to win their third straight championship in a row. During the year against 1A competition, their prescience was overwhelming. The only hiccups (if you can call them hiccups) that the Bulldogs had were consecutive losses to 2A power Normal University High and 3A power Palatine.

From the start of the race on Saturday morning, this race was going to be a battle for 2nd as St. Teresa took command towards the front of the pack. Senior **Ivy Handley** and Junior **Rachel Devereux** took the lead just before half mile mark in 2:39. The rest of the pack was 2 seconds back. In a way, you could sense that the race was over in regards to any of the pack catching the St. Teresa duo. It just was not happening on this day.

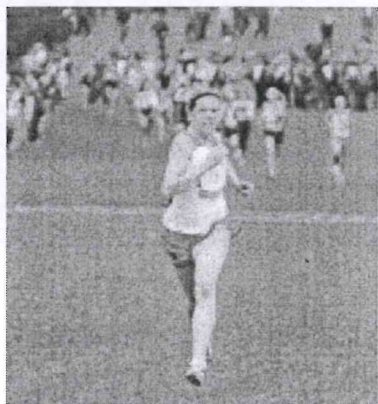

Handley and Devereux passed by the mile in 5:34, six seconds ahead of a pack led by **Victoria Bianco** (The Latin School, Chicago), **Madeline Lager** (Mater Dei HS, Breese IL), **Jess Clarke** (Tri-Valley HS, Downs), **Abigail Nadler** (The Latin School, Chicago), **Naomi Springer** of (Olympia HS, Stanford), **Kady Mahaffey** (Forsyth HS, Maroa), and **Alex Van Hoof & Faith Weiland** of (Central Catholic HS, Bloomington). It did not seem that close.

The team battle at that point was a slam dunk so to speak. St. Teresa was leading with 31 points, over 100 ahead of Rock Falls and Rochester battling for the second spot. Unless there was a devastating collapse, the team championship was over.

Handley and Devereux entered into the triangle with Handley making the first move in the race for first.

It was the only move that she needed.

In the next half mile, Handley opened up a 5 second lead on her teammate. It grew to 13 seconds at the 2 mile as she passed in 11:28.

Ivy Handley of Decatur St. Teresa on her way to a state championship Saturday at Detweiller Park. Photo by Decatur St. Teresa HS.

The race for the individual championship was over. All that the St. Teresa senior had to do was finish the final lap on the Detweiller circuit.

The team scores at the two mile point still showed that St. Teresa had this race sewed up. The battle was still between Rochester and Rock Falls for 2-3. Where was Monticello? The number 2 ranked team in the state showed in the partial results that they were in sixth, but the bib of Junior **Emily Foley** was not reading going through the check point. She was close to her teammate **Hanna Houska** and the rest of her team was close. In reviewing the results afterwards, it showed at that point of the race that Monticello was battling Rochester and Rock Falls for a trophy.

Coming up the final incline, Handley was pushing towards the finish. The lead had increased to twenty seconds with no runner in sight as she finished.

"I just wanted to make sure that I was not going out too fast," an elated Handley said after her race. "I just went after it and I finished strong for all my teammates."

Maybe the surprise of the individual race was the finish of Sophomore **Regan Weidner** (Bureau Valley HS, Manlius). She finished seven seconds behind **Julie James** (Gridley HS, El Paso) at the Oregon sectional. At the two mile mark, she was in eighth place, nine seconds behind the 2nd place Devereux. Her last mile of 5:57 was enough to just nip the St. Teresa junior at the finish line.

"At one mile to go, I definitely thought I could pick it up a notch. That is what I tried to do," Weidner said. "Coming up to the half mile, I felt so good and she was only 30 meters ahead of me. That is when it became real that I could get her. Coming towards the end, my legs hurt, but it was an incredible feeling. At the beginning of the year, I was not even thinking I could be in the top 10. It was never in my mind. I had tears of joy when I crossed the line. It was indescribable the way I felt."

It was just a matter of reviewing the finish video, but in the St. Teresa camp they knew that they had earned another state championship. Monticello finished second just ahead of Rochester.

A year ago, Coach Vohland just stood there not believing what he had just seen. It was the same expression this year. I do not know if it was a matter of relief, a matter of joy, or just trying to comprehend what had just happened.

Coach Todd Vohland congratulates his runner, Ivy Handley after she won the 1A Girls State Cross Country Meet Saturday.

"What Ivy, Rachel, **Megan Burgener**, and the rest of the girls did was amazing. We toed the line today with four kids that had never run in the state meet so you never know how that is going to play out. But the three had toed the line put it together. I really thought our other kids ran great," said Vohland. "We told them to be aggressive. I told Ivy and Rachel to be with the lead pack and if they felt good they would go."

Handley was the first individual state champion that Vohland had coached besides the 4 x8 relay that St. Teresa had won. The pride that he had in his runner showed on his face. "Ivy just kept moving it out after she took command of the race. It was a great run for her."

2012 IHSA Boys 1A State Cross Country Meet: Nykaza makes final Detweiller run a memorable one; St. Thomas More captures first state championship.

November 6, 2012

Jake Brown and Grant Nykaza lead the pack through the first 800 Saturday during the 1A Boys State Cross Country Meet. Nykaza captured the state crown. Photo by Beth Scheid.

By Michael Newman

Peoria, Ill — **Grant Nykaza** (Beecher HS, Beecher) was second as a freshman, fourth as a sophomore. In the 2011 race, he entered the meet as the favorite. His hopes were dashed when **Steve Schroeder** (Monticello HS, Monticello) made two moves in and out of the triangle to give Nykaza another silver medal.

He redeemed himself in a way last spring in winning the Boys 1A state championship in the 1600 Meter Run. There was one championship that he wanted badly. It was the race on the first Saturday in November, the state cross country championship, that was his goal.

Nykaza would have competition in this race. The one runner that would push him was **Jake Brown** (Mt. Zion HS, Mt. Zion). Nykaza had defeated him by 18 seconds in early September at the First to the Finish Invitational on the Detweiller Park course. Brown did come back to place second at the Peoria Central Invitational at the end of September. His time was 2 seconds faster than Nykaza had run earlier.

Both runners remained undefeated the rest of the year and a showdown at this state race was inevitable. It was ironic that Brown lives in the East Central Illinois region close to where Schroeder lived. Would this be déjà-vous for Nykaza?

The pace went out fast by design. "He is going to have to push the pace early on," his father Henry said. "He is in shape to do it. You might as well tire his competition's legs down if he wants to win this race. Why make it a kicker's race to let other runners a chance to win."

Near the 400 meter mark, Nykaza and Brown were out in the front of the pack separated by a few runners between them. Brown looked to his left looking for his rival. At about the same time, Nykaza looked to his right. It was similar to what had happened two years ago during the **Lukas Verzbicas / Jack Driggs** show down when both runners were looking for each other.

Both had the lead as they went by the 800 in 2:17. Game on.

Nykaza and Brown had opened up a five second gap by going through the first mile in 4:45. A pack containing **Wal Khat** (Mooseheart HS, Mooseheart), **Nick Hess** (St. Thomas More HS, Champaign), **Luke Muzikowski** (Hope Academy, Chicago), **Curtis Reed & Mohammad Hosseini** (Mt. Zion HS, Mt. Zion), **Jesse Hahne** (Schlarman HS, Danville), and **Blake Hale** (Robinson HS, Robinson) was starting to push the pace. But just like the girls race an hour prior, Brown and Nykaza were just not coming back.

Grant Nykaza celebrates his win heading towards the finish line at Detweiller Park.

St. Thomas More, the top rated team heading into the meet, had five runners in the first thirty to have a convincing lead over Mt. Zion. Elmwood-Brimfield, Richmond-Burton, and Winnebago were also in the hunt for a trophy at this check point.

The next mile was a matter of which runner was going to make the breaking move. In the triangle, Nykaza made three small moves testing Brown on whether he would break. Brown countered each time Nykaza made a surge. Coming off of the bridge and out into the main portion of the course, Nykaza made another surge that gave him a slight five meter lead. Brown took a little longer but made up the gap. If Nykaza made move one more move, that could be the deal breaker for Brown.

Coming down Busse Drive towards the finish line, it was Brown that made a move just past the 1 $\frac{3}{4}$ mile mark. It was a definite surge. It was one that visibly shook Nykaza as the Mt. Zion Senior started to move ahead. They both made the zigzag towards the finish line incline and the two were together again.

Both went past the two mile in 9:33. Nykaza made a move around the tree by the finish line and suddenly had opened up a 10 meter lead. Making the turn heading down the course by Route 29, there on the side appeared his father who started yelling at his son. It seemed like he was everywhere on this course on this Saturday.

"I told him Brown's head was dropping," the elder Nykaza said. Grant took off.

With 800 meters to go, his lead on Brown was up to 7 seconds. There was no let up in his stride. He wanted that championship.

His lead coming up the incline was an astounding 17 seconds. With around 50 meters before the finish line, he made a glance back and the reality hit him that he was going to win this race. A big smile crossed his face. He was close to the Class A record set by **Troy Maddux** and **Jeremy Stevens** but that did not seem to matter. He started to celebrate as he closed to the blue timing mats.

A weight was lifted off of his shoulders. There would be no record but records can always be erased. A state championship cannot. His dreams were realized.

Brown came in eighteen seconds later to a loud cheer. He had given everything that he had in this race. It was just Nykaza had a little more on this day.

"We told him to get out at the mile in 4:45 and he did that. It became a shoot out after that," Beecher's coach **Adam Depew** said. "He did a great job today."

"I trained for four years for this and I kept telling myself that today was my day," Nykaza said afterwards. "As soon as my dad told me that his head was down, I knew that this was my race. I was feeling good the entire race. I celebrated early. I looked back and said to myself that I am enjoying this moment. This may be near the top. I don't think it beats winning it as a team, but it comes pretty close."

A year of hard work paid off for St. Thomas More as they hold up the Boys 1A state championship trophy. Photo by Beth Scheid.

Just like Nykaza a year ago, St. Thomas More finished fourth just missing out on a team trophy. They would not be denied in 2012. The Sabers placed 5 runners in the first 26 team places to capture the school's first state championship scoring 82 points. St. Thomas More led from the outset and maintained their position throughout. Nick Hess moved up to finish 3rd using a strong kick. Senior **Jacob Helfrich** was the team's other all state runner finishing 21st. Their 1-5 split on their top 5 was 45 seconds. Their margin of victory was 75 points over Elmwood which was only 5 ahead of Shelbyville.

"We did not want to do anything crazy. We just wanted to race the way we run," said St. Thomas More Coach **Dave Behm**. "Everyone PR'ed. I have been thinking about this state championship for a long time. This is incredible. The hard work that these guys did paid off."

Boys Cross Country Class 1A State Final Results — 2012-13

2012 IHSA Girls 3A State Cross Country Meet: Perez runs race for the ages

November 9, 2012

Glenbard West junior shatters state record in winning 3A race; Naperville North captures 5th state championship.

Glenbard West's Madeline Perez – 2012 3A Girls State Champ and State Meet Record Holder.

By Michael Newman

Peoria, Ill — The words of New Trier Girls Coach **John Burnside** were ringing in my mind as I was walking near the starting line before the start of the Girls 3A race at Detweiller Park.

He told me at an early season meet at Hinsdale of how this would be a special year in Girls 3A. He told me that there are so many great teams and individuals; it would be hard to comprehend.

Every time I saw a great girl's race, I referenced that quote. When **Kaylee Flanagan** (Lake Park HS, Roselle) ran 16:20.3 at the Richard Spring Invitational and break the course record, I would refer back to Burnside's words. When his runner **Courtney Ackerman** defeated a deep field at the Wheaton North Falcon Classic including Flanagan, those words would come back to me.

The dynamics of this race were fascinating. It pitted the front running pack of Naperville North, the #1 team in the state, going against teams like Lake Park, New Trier, and Glenbard West who had great front runners, but had a gap between their first two runners and the pack.

The individual race would be a great one as well. **Madeline Perez** (Glenbard West HS, Glen Ellyn) had run some great races the previous two weeks defeating some title contenders such as Ackerman, Flanagan, and **Emma Fisher** (York HS, Elmhurst). She would enter the meet as the favorite with those three runners chasing her. You also had to consider **Carly Krull** (Sandburg HS, Orland Park) who easily won the Marist Sectional by 18 seconds over **Jill Hardies** (Central HS, Hinsdale). Krull had beaten Fisher and was only eight seconds behind Ackerman.

The conditions were great setting the table for a great race. No wind. Upper 40's. Overcast. Nearly perfect.

Perez had the momentum. She just missed Flanagan's course record at Lake Park by one second. When Flanagan set that record, she came to Peoria a week later and ran the 16:20.3 at Detweiller. Perez was peaking for state. Could she break the record? If so, would she get close to 16:10?

In the first half mile, it was evident that Kaylee Flanagan had ditched the plan that she had the week before to sit and wait during the first mile. Instead, she went back to the strategy that she was most comfortable with in pushing the pace and daring runners to go with her. She passed the half mile in a blazing 2:31. In a line behind her were Madeline Perez, Emma Fisher, and Courtney Ackerman. As the quartet charged up the front straightaway, it was clear that these four runners would be the challengers for the state championship.

The gap between the four and the rest of the race continued to grow as they approached the mile. Flanagan passed the mile in 5:13. Perez had the same time but just a step behind. Fisher was one second back; Ackerman came by in 5:16. After that, there was a six second gap with a pack led by Carly Krull, Laura Van Vlierbergen (Jacobs HS, Algonquin), and Brooke Wolfe (Prospect HS, Mt. Prospect).

Lake Park had charged out to the lead like they had done during the season. They had a tight 2-3-4 pack (Rachel Garippo, Brianne Murphy, and Samantha Montalbano) that had a slight advantage over race favorites Naperville North. The Huskies had Maria McDaniel, Judy

Kaylee Flanagan of Lake Park leads the pack through the half mile of the Girls 3A race. Photo By Michael Newman

Pendergast, and Elly DeTurris close together and were waiting to make their move. O'Fallon was running good early and was in third just ahead of Prospect. All eyes, however, were on the lead truck and the 4 runners that were following.

Perez made her first move. In the last two races, she would start her push at this point. After each of the last two races, she said she was feeling better and better after a sinus / upper respiratory infection hampered her training for four weeks in the middle of the season. There were no effects from this now as her stride continued to push out the pace.

Courtney Ackerman was staying close to Perez as were Fisher and Flanagan. But somehow, the Glenbard West junior was starting to extend her lead as the race headed back into the main part of the course.

I was distracted by the lead that Perez was opening up as we headed to the two mile point. In my mind, I was wondering how fast she was going. Her foot hit the blue mat and my finger hit the split button on my watch.

Madeline Perez at the 2 1/4 at the 2012 State Meet. Photo by Michael Newman

10:36.3 !

Holy smokes! (Not the words I used but you get the idea).

Perez was on pace to break 16:00 on this course! Courtney Ackerman was 10:43! Emma Fisher was 10:44! Kaylee Flanagan was at 10:45!

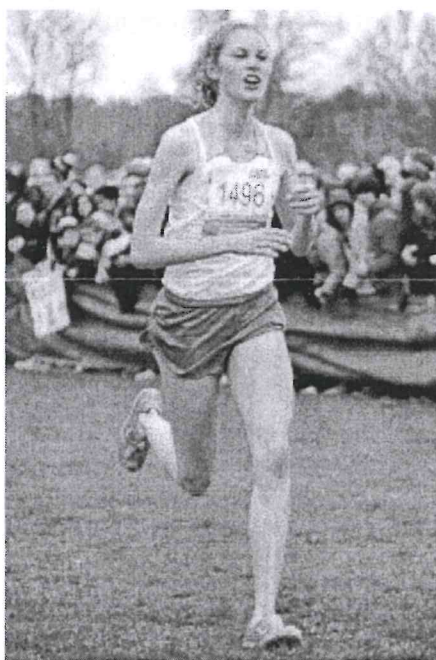

Naperville North had re taken the team lead with Lake Park, Glenbard West, and New Trier close behind. Here again, the focus was on the front.

The stride on the diminutive Perez looked effortless but she was storming away from the competitors. Every spectator that she passed that had a stop watch going watched her pass then looked at their watch. An excitement was engulfing the entire park as Perez was no longer racing her competitors but racing the clock and history.

Two weeks earlier, Sarah Baxter (Simi Valley HS, Simi Valley CA) had run 16:00 at the Mt. SAC Invitational in California. After that race she said that she did not realize that she was going that fast and was afraid that someone was going to catch her. She never looked back.

This was the same case here. Perez's focus was ahead on the lead truck and not the action behind her. The noise kept getting louder as she made the turn down the final straightaway. Behind her, Emma Fisher had a solid lead in second place about 10 seconds ahead of Ackerman. Flanagan was another 10 seconds behind.

History was about to be made on this course. Forty years ago at this meet, Craig Virgin made history in setting the boys course record of 13:50.6. There he stood right by the finish line waiting for Perez to cross the line and join this exclusive club.

Eyes were all on her as she entered the last 200 meters of the race. As she approached the line, all eyes turned and watched the clock tick towards 16:00.

16:01.2!

On the official results, it states 16:02. But on that clock it said 16:01.2.

She shattered the record by 20 seconds. The same record that Kayla Beattie set just two years ago and people said that it would be tough to break.

Emma Fisher also crossed the line ahead of the record running 16:15. She broke the record but she was "only" second.

Emma Fisher of York finished 2nd in 16:15 also breaking the course record.

Photo By Steven Koch.

"Emma Fisher ran such an amazing race," said Glenbard West Coach **Paul Haas**. "Believe me, we know what it is like to break a record and get second!" In last spring's state track meet, Glenbard West set the state record in the 4x8 relay, but so did Wheaton-Warrenville South who went under 9:00 to win the race.

"I am really happy," Fisher said about being in the race. "I am very happy with my time. It was kind of cool. Madeline Perez is in our conference. I stayed with Courtney Ackerman most of the way. It was a great feeling."

Third place finisher Courtney
Ackerman of New Trier.
Photo by Steven Koch

“The mile was 5:12-5:13. It was definitely a fast one. I was hoping it was going to go out a little harder. It was a perfect start,” Perez said after her record run. “I knew that when I got into the triangle, I wanted to put a surge in to see what other girls would go with me. The last mile felt like the fastest mile of my life. You had the fans cheering behind you. Your adrenaline is flowing. My first thought when I went by was woo, new PR. The second was that I have one more mile to go.”

“We knew it would go out fast and how the triangle was where she would attempt to get separation. She is such a tuned-in runner that I was not surprised that she was going to run well at state (she was ready to run on Wednesday) but I don’t think even she could have predicted just how well,” said Haas. “In my mind I thought she had a shot at the record, but I did not mention it since the forecast was calling for rain and the course conditions would play a huge factor on the times. I am just so proud of what she did because I know how great the competition is in this state and how hard she works at developing her running talent, not to mention overcoming such a serious illness this season. Madeline just does everything right and it was terrific to see her take control of the race the way she did.”

Courtney Ackerman finished third in 16:27. Kaylee Flanagan finished 4th in 16:39. **Olivia Ryan** (Fenwick HS, Oak Park) made a late race charge to take 5th. **Lisa Luczak** (Glenbard West HS, Glen Ellyn) was hampered by a hamstring injury at the beginning of the week. She went out slower than expected (she was 30th at the mile). Still, she managed to place 6th in 16:45. All together, the top 6 finishers in this race were all from the Niles West Sectional.

In all the attention that the individual race received, Naperville North moved up beautifully in the last portion of the race to capture the 4th championship for Coach Dan Iverson. They had taken the lead from Lake Park half way through the race and were able to maintain that to the end for a 20 point margin. Glenbard West was only 5 behind Lake Park to take third. New Trier finished 9 points back with 147 and fourth place.

On this championship day, Naperville North had 3 all state runners. Sophomore **Elly DeTurris** finished 14th to lead the Huskies. Junior **Maria McDaniel** was next in 21st. Freshman **Judy Pendergast** was the third all state runner for North in 23rd. Their 5 runner split was only 39 seconds.

"We had to continue to run the way we have been running. By nature, they are very competitive. I did not have to say much to them before we came over to the park," Iverson said. "They ran smart the first mile and built from there. It is a very simple race plan. They are trained pretty efficiently to run that well. This year has been a process of breaking down barriers. First breaking 18 minutes was a big deal. Now it is 17 minutes. Our team fed off of that real well."

2012 was a season that will not be forgotten by many girls' runners in Illinois. It was a year where records were erased and competition was unbelievable.

Just think...Naperville North will return the majority of their team. Madeline Perez is only a junior. 2013 should be just as fun...maybe better.

The Naperville North Girls XC Team celebrates their state championship. It was the fifth for the Girls Program; the fourth under Coach Dan Iverson. Photo by Michael Newman

Steven Koch took some of the pictures for Illinois Prep Harrier. I appreciate the work that he did this past fall. He did take pictures at the state meet. If there are any pictures that he took that you would like copies of, please e-mail him at S.Koch.Photo@gmail.com

Girls Cross Country Class 3A State Final Results — 2012-13

2012 IHSA Boys 3A State Cross Country Meet: York, Keelan win at Detweiller

November 9, 2012

Jack Keelan wins one for the team; York wins 28th state championship

York celebrates its 28th state championship Saturday at Detweiller Park. Photo by Steven Koch
By Michael Newman

Peoria, Ill — It may be an understatement that **Jack Keelan** (St. Ignatius Prep, Chicago) was on a mission heading into the Boys 3A State Meet. It could be said he was on a mission even before what happened at the Niles West Sectional.

A year ago, he was one of the individual favorites heading into his sectional race. He failed to qualify to the state meet. He cleared that one hurdle when he won his sectional race last week. What was jubilation turned into the despair after his team finished 6th at the sectional when they were originally told they placed 5th.

The fire that burned inside of him was a little larger as he waited for each of the races to be run at Detweiller Park. He was ready to unleash at great race not only for him but also for his teammates.

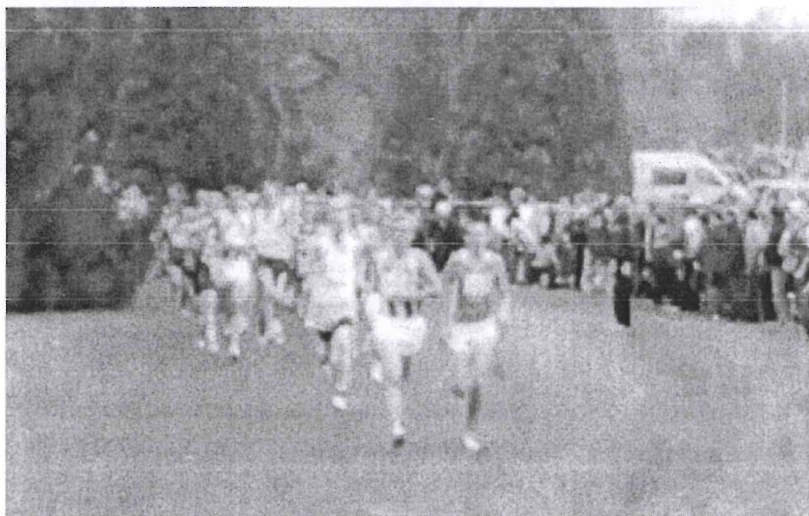

There was a list of individual that thought they had a chance. **Quentin Shafer** (Prospect HS, Mt. Prospect), **Alex Riba & Patrick Perrier** (O'Fallon HS, O'Fallon), **Scott Milling** (York HS, Elmhurst), and **Caleb Beck** (Oswego HS, Oswego) were ready for the challenge.

The York Boys Cross Country team was also on a mission. Last year they left Detweiller Park without a trophy and with the tuxedos that they traditionally wore after placing in the top 3 were left in storage.

The Dukes were the team to beat from the first day of the 2012 season. The pressure built during the season as they continued to maintain that rating. "The pressure on these guys was unbelievable. Everyone at the park said that York was going to win. That makes it pretty scary. Now they just had to go to the line and do it," said York Coach **Joe Newton**.

Not only was there pressure on the runners, there was pressure on the York Coach staff before the race as Newton and Assistant **Jim Hedman** could attest to.

You could not see the pressure on the York runners as they stepped to the line. There was a cool confidence in their eyes. Even though they were the team to beat, there would be other schools that would be going after them. O'Fallon, Neuqua Valley, Lyons Township, Palatine, and Lake Zurich were all teams that wanted a chance for the championship trophy.

It took the first mile to shake out the field. Scott Milling had the slight lead heading up the incline just after the half mile. There were runners trying to leave the pack to get into the lead. First it was Alex Riba to get alongside Milling. Then, **Alex Milner** (Lake Zurich HS, Lake Zurich) was towards the front. Then Keelan appeared towards the front. But still, no clear cut leader.

The leaders just past the mile at the 3A Boys State Meet.
Photo by Michael Newman

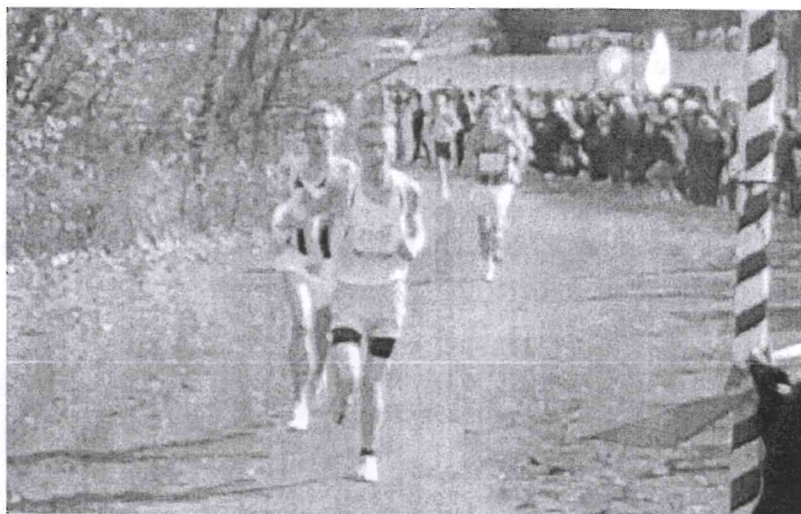

Riba started to move towards the mile wanting the pace to quicken. He was second a year ago. It looked like he wanted a gap and to break this open early.

Riba went through the mile in 4:40, the fastest first mile out of all the three boys' races at this meet. Milling was close on his side. Keelan was just behind in a restful stride. His face showed that he was not exerting a lot of energy.

The St. Ignatius senior decided to make the first move and it continued as the race headed into the triangle. What was a tight pack was now strung out. The only runners that were able to sustain the pickup were Riba, Milling, Patrick Perrier, Quentin Shafer, and **Billy Bund** (Lake Forest HS, Lake Forest). There was a drop off after that.

At the half way point of the race, the pre race favorite Dukes had built up a big lead on O'Fallon and Lyons Township. They had 5 runners ahead of both O'Fallon's and Lyons 3rd runners heading out of the triangle. The question would be if York could maintain that.

Right before the race entered back into the main portion of the course, Keelan made another surge. It dropped more of the six off the pace. The only runner that would not budge was Riba. It was all or nothing for the O'Fallon senior. There were mini battles going on behind the two front runners. Milling was just trying to hold on to the front pack. Shaffer and Bund were trying to keep with the pace. Perrier was just behind the two waiting for the right move. His stride looked so effortless.

Jack Keelan and Alex Riba start to move away from the pack out of the triangle.
Photo by Michael Newman

This was still a fast pace. Keelan and Riba went by the two mile in 9:22 – 9:23. Shaffer, Perrier, Bund, and Milling were between 9:26 – 9:28. This was a two man race. The crowd around the course could sense that as the noise continued to grow and grow as the runners passed by.

With 1200 Meters to go: Keelan & Riba

At the 2 ¼ mile mark, Riba made a dramatic surge as he made the turn down the back straight away. For about 25 meters, he opened up a slight lead on Keelan. It took a few seconds for him to realize the move that Riba made on him. All of a sudden, Keelan was right next to his competitor. Bund was in sight in third, but out of striking distance of the two. Perrier and Shafer were working together to get closer to Bund with Milling just sticking to the two.

As they made the gradual left turn across the park and to the 2 ½ mile point, Keelan took off. The surge that Riba had made had not affected Keelan. First the lead was 5 meters. Then around the three pole turn, the lead was 15 meters and growing.

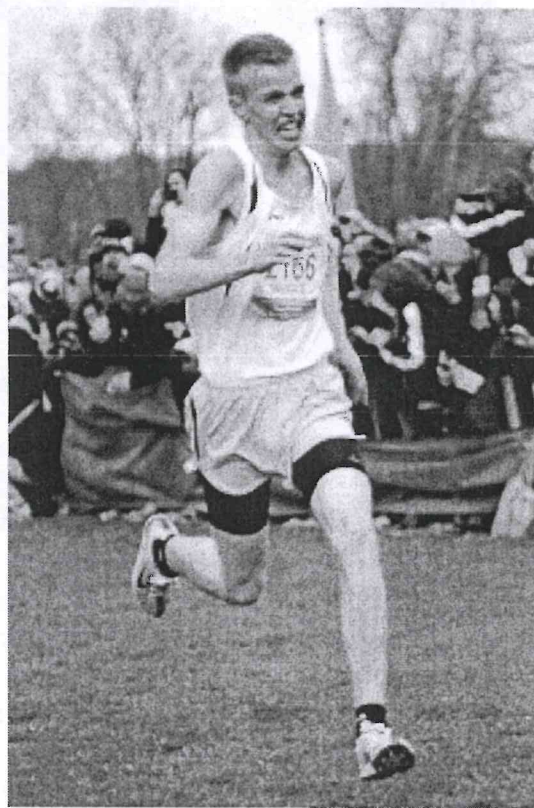

Nightmares were being erased for Keelan as he headed towards the finish line. Dreams were about to be realized. He finished as champion. His 14:05 was nine seconds faster than Quentin Shaffer who made a strong move in the last 50 meters to catch Riba. Perrier caught his teammate and finished 3rd. Both O'Fallon runners finished in 14:15. Billy Bund was another two seconds back.

Overall, Keelan's winning time was the 10th fastest ever run at Detweiller Park for the state meet. He is the 9th fastest runner ever in the state. He is St. Ignatius' 2nd individual state champion. Mike Patton was the first in 1980. This individual championship was just not a personal journey for him but one for his teammates.

With all the surges that were in the race, Keelan ran a fairly even pace. He ran 4:41 / 4:42 / 4:43 for the three mile race.

"You've got to expect a fast mile at the state meet. I just went along for the ride and tried to stay as relaxed as possible," Keelan said afterwards. "I kind of put my own move in at the 2 mile. The goal was to try to go to thin out the pack as much as I could. Riba and those guys were hanging by and they did a great job. He (Riba) made a move with 1200 meters to go and had me worried there. It just has not hit me yet."

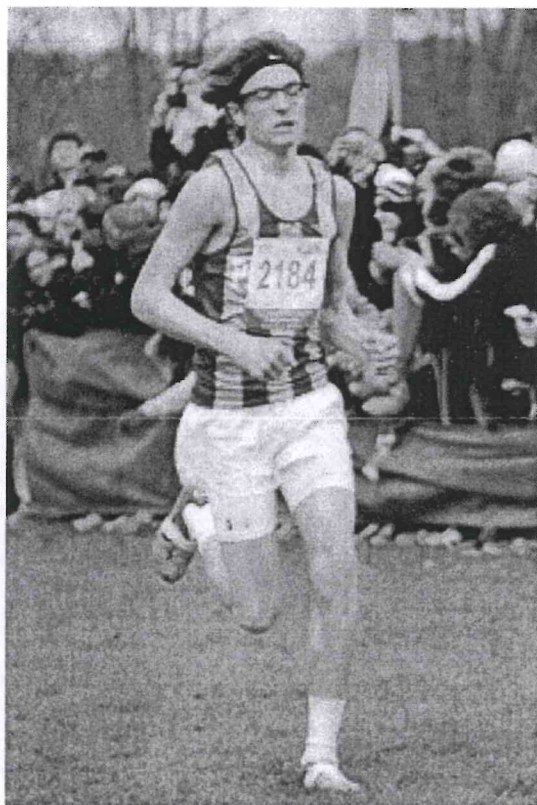

Jack Keelan on his way to the state championship. He is the 2nd St. Ignatius runner to win (Mike Patton, 1980).

"I decided to stay relaxed the first 800 meters and see how everything went. I felt good and I decided to push the pace after that," Riba said. "In the last mile, it was one of those moments where I decided to push it. I could not hold it but it was worth the shot."

York maintained its lead throughout the race but it looked kind of shaky the last mile. The early pace was starting to hurt many of the runners including the seven from York. Scott Milling hung on off his early lead and was able to finish 6th overall, third for the team score. **Kyle Mattes** moved the last 600 meters to finish 23rd overall.

Probably the most inspirational point for the Dukes occurred in the last 800 meters. **Alex Mimlitz** was hurting looking for every ounce of energy he could find. O'Fallon's Dorrian Gordon was just about ready to pass him. "I saw him coming right up next to me. So many thoughts came through my head. This is my last race. This is my last 400," Mimlitz said. "This guy is from O'Fallon. We have to win. Then I thought, why am I thinking? Just run! I just started sprinting. It was the hardest I have run for 400 meters."

He was the third man and finished 24th.

Chris May had usually been with Mattes and Mimlitz during the season. The fast pace hit him in the last 400. He still had enough strength to finish 49th overall and was the fifth man. "I cannot explain the feeling of being a state champ because I will never get that feeling again. It was something that I will always treasure," May said.

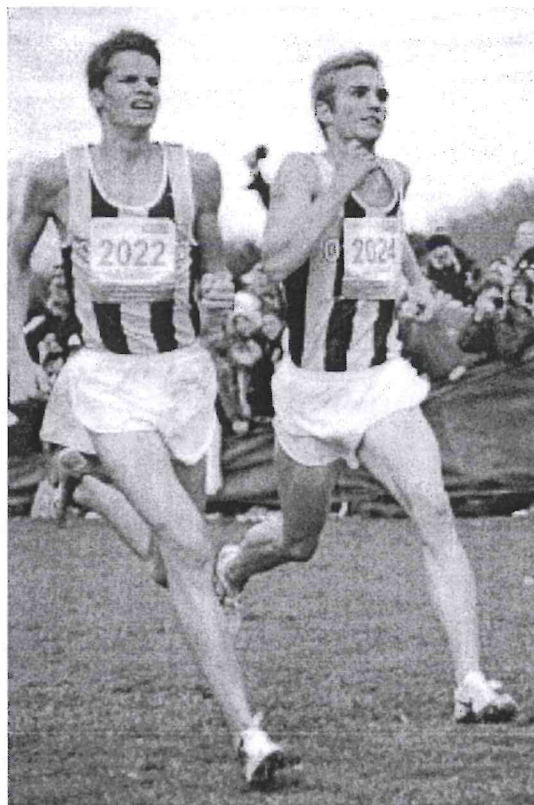

York was able to hold on to the lead that they gained early in the race to capture their 28th state championship. One of the big reasons was the finish of Junior **Alex Bashqawi**. Not even mentioned on any of the form charts at the beginning of the year, he came on mid season to give a boost to the Dukes. He passed 15 runners in the last 400 to finish 27th.

"I assumed the race was going to go out fast. I didn't expect to be leading," Scott Milling said. "I just had confidence in myself and my teammates. This feels awesome. It felt great my sophomore year but this feels so much better."

Quentin Shafer had a great kick to finish 2nd. Photo by Steven Koch

Even though he has experienced the state championship feelings 28 times, it still never gets old for Joe Newton. 2012 was the fiftieth anniversary of Newton's first state championship in 1962.

"We had a race plan where the big four were to stay together and the 5-6-7 was to stay together. We emphasized that they did not have to do anything special today. They had been running good all year. On this day, they just had to be ourselves. Most of our guys ran good today. People do not realize how hard it is to get all seven runners running good on one day. It was brilliant," the legendary York coach said. "I was so nervous before the meet. From day one, we were ranked number one. I think our guys performed to the max. This is one of the best group of young men that I have ever coached. Not just as the way they are as runners, but they way that they acted during the year outside of the course. Not too many people see that. I am proud of them."

O'Fallon's 2nd place was powered by the 3-4 finish of Patrick Perrier & Alex Riba.
Photo by Steven Koch

O'Fallon captured their second straight trophy in a row with their second place finish behind the two all-state finishes by Patrick Perrier & Alex Riba. The Panthers were eight points ahead of York's WSC Silver rival Lyons Township. The Lions were paced by the two all-state performances of **Michael Matusiak** (11th) and **Ryan Speir** (17th).

Don't forget about the team performance of St. Ignatius. Even though they were not running as a team, state champ Jack Keelan had them in their heart.

Steven Koch took pictures for the Illinois Prep Harrier and I appreciate the work that he did this past fall. He took pictures at the state meet. If there are copies that you would like, please contact him at: S.Koch.Photo@gmail.com

Boys Cross Country Class 3A State Final Results — 2012-13
