## Striding for Victory

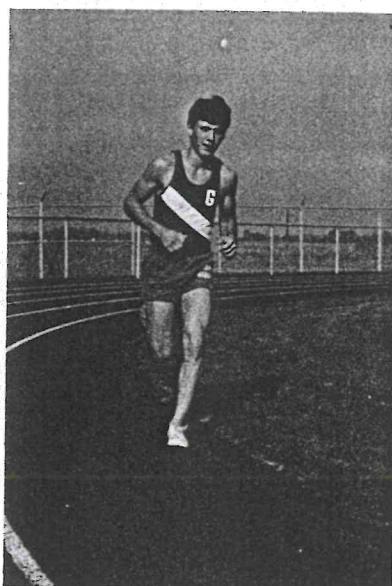

With only two returning lettermen from last year, the "71" cross country team started the season lacking both experience and depth. However, led by captain, Dennis Reese, the harriers finished with a fine dual record of 2-2.

In the Maple Leaf Run, the Leafs outran half of the field of ten teams to take a respectable fifth place. In finishing the season, the Leaf Harriers placed ninth out of sixteen teams in the tough and challenging District Meet.

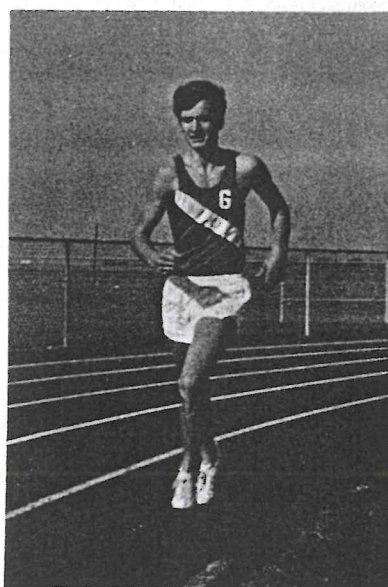

With continued determination and some help from underclassmen, Coach McCormick's "72" team should experience a good season.
