PRINCETON INVITATIONAL

October 7, 1976

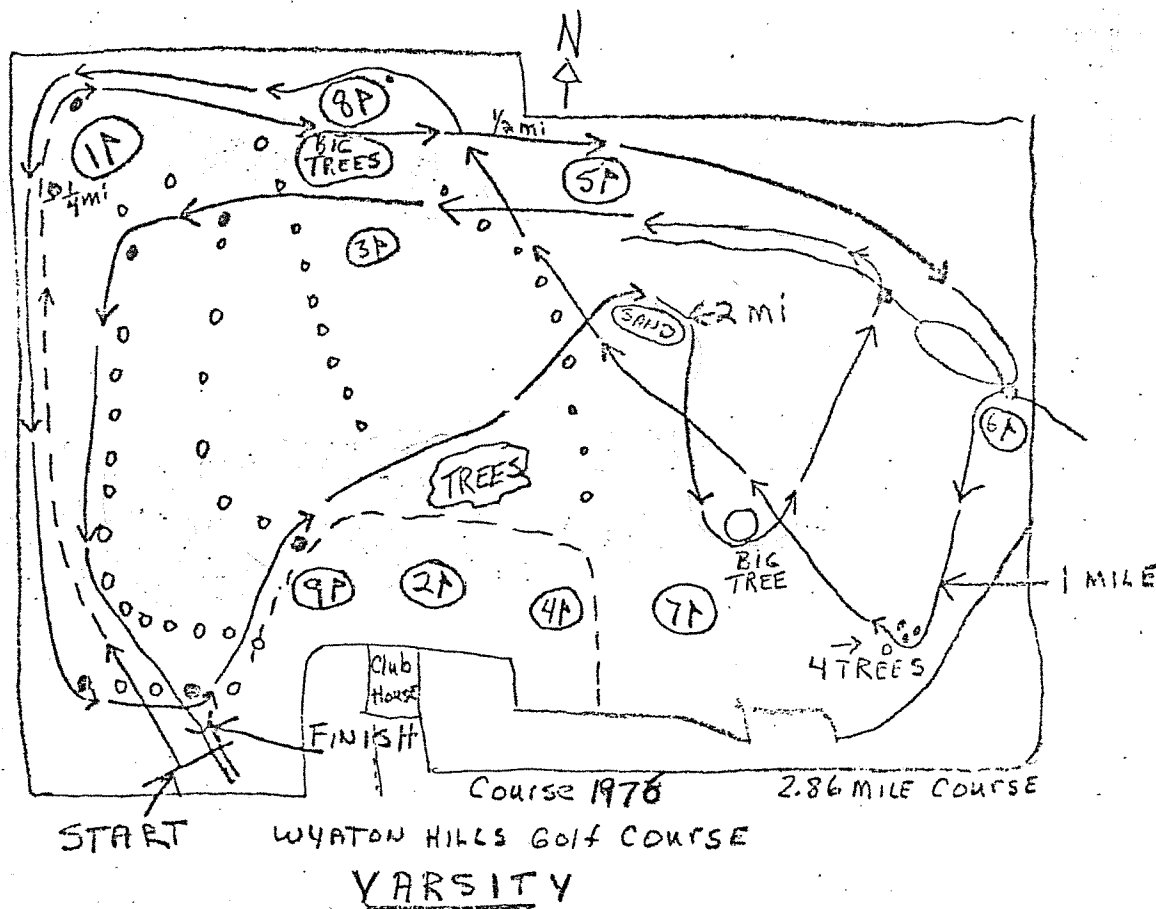

Larry Schuldt, defending champion from Rock Falls, appears to be the favorite to not only defend his title but probably will set a new course record in the process. There appears to be a real dog-fight for the next four places between Steve Arch, Princeton who placed 4th last year, Tom Sullivan of Kewanee (7th last year) and Rich Fouke and Andy Wind (10th and 11th last year) from Mendota. Besides these returning high finishers are other excellent runners Cecil Crist, freshmen from Kewanee; Mark Nordstrom and Doug Longman of Geneseo, Paul Chism of Mendota, and Bob Hooaham of Rochelle. Mark Nordstrom might well be the most improved runner over last year's course.

Last year the point spread between the 1st 2 teams Princeton and Kewanee was the closest in the series - 11 points. This year it just may be possible that three or even four of the teams may be within 11 points of each other. The team battle promises to be very intense between Kewanee, Geneseo, Mendota and host Princeton. Kewanee and Geneseo tied last week at the Geneseo meet but Kewanee finished high in the recent Dixon Invitational and may be the favored team in this classic. Mendota, though running a limited schedule, has had plenty of time to practice and finished high in Forest City meet - above Dixon just as Kewanee did in Saturday's meet. Defending champion Princeton has been beaten by both Kewanee and Geneseo but hopes that the home course advantage may work a miracle just one more time and keep them close to the leaders. No matter who wins the team title, it can be said that the teams of Kewanee and Geneseo are much improved over previous years which increases the competition of this meet.

At least 12 runners from last year's fine meet return to improve their times and places in this year's meet.
